This society was formed in 1803. The object of which was to assist all the *worthy poor* females of this city, without denominational distinction, who are of good character and standing, and in need of assistance. An annual sermon has been preached by some one of our Clergymen, and a collection taken in aid of the society, which, together with donations from other sources, has enabled the society to *ameliorate* the condition of thousands of suffering poor in this city.

The total amount received from November 14, 1845 to November 14, 1846, was - - \$419 14

# PROGRESSIVE GROWTH OF OUR CITY.

Mr. B. T. PIERSON, Editor of the Newark Directory, politely furnishes us (Newark Daily,) with the following table, showing the growth of our population during the last twenty-one years; in which period it appears to have nearly quadrupled—and that too by those regular gradations that indicate a sound and wholesome progress.—There is, in truth, nothing forced or factitious in this remarkable growth. The prosperity rests upon the surest of all possible grounds—steady industry and sound morality. At the present rate of progress—and we see nothing that is likely to check it—the population must approach at least an hundred thousand within another 20 years. Fortunately there is room enough and to spare within our present city limits :

# THE AMERICAN

## Mutual Fire and Marine Insurance Co.

AT NEWARK, N. J.

This Institution, Chartered 1846, by the New Jersey Legislature, has been organized; and is now in successful operation. Insurance against losses by fire and sea, may be effected in this Company on as favorable terms as are offered in any other institution. The charter is one of the most favorable ever granted by the Legislature. The most valuable features of the *Mutual principle* are possessed by the Company. All who insure are stockholders, and the profits, after paying expenses, belong to the insured.

A fund of \$15,000 has been received, to meet losses that may occur before the premiums received are adequate to pay the losses that may be sustained.

The Company having been incorporated expressly as a New Jersey institution and to meet the wants of this community, the attention of the public is called to the superior advantages possessed by the company, that its merits and claims may be investigated. For business or other information apply at the office of the company, 297 Broad street, Newark, N. J. (up stairs.)

# GAS LIGHT COMPANY.

The books for subscription to the Capital Stock were opened on the 14th of April 1846, and the requisite number of shares to ensure the completion of the works subscribed.

A contract was made on the 20th day of May, with Mr. Joseph Battin for the erection of works to supply forty thousand cubic feet of Gas per day, and lay four miles of main pipes for the distribution of the same. On the 25th of December 1846, the manufacture of Gas was commenced, and on the 5th of January, 1847, the main pipes were filled, the whole having been accomplished in the short space of eight months.

## NEW JERSEY STATE LUNATIC ASYLUM.

The building is constructed of brown stone from a neighboring quarry, rough hewn, at a cost of about \$80,000. Its form is not easily described, not falling under any of the five orders of architecture, but it is most admirably planned for light, ventillation and capacity. The entrance is gained through a showy porch, into ample halls with commendably high arched ceilings, thence into spacious reception rooms, wards, dormitories, bathing rooms, dining rooms and the chapel. The establishment is heated by four large steam boilers in the basements, which sends the steam through a bewildering number of pipes running through the whole length of the basement, the air of which is heated by them, and then passes up to warm the rooms and halls above.

The windows are all guarded with shields of ornamental iron work, to save the frantic Lunatic from danger.— In the Garret are four cast iron cisterns, each of 1200 gallons capacity, which are kept filled with water for the supply of the building, from a spring at the foot of the hill—a stream from which also furnishes the power to pump it up to this height.

## PIERSON'S NEWARK CITY DIRECTORY.

FOR THE  
73d YEAR OF AMERICAN INDEPENDENCE,  
FROM 4th JULY, 1848.

### *Important observations to those using this Work.*

Throughout this Directory, the christian names of those where there are more than one of the same surname, are carefully alphabetically arranged, male and female, firms, &c. In searching for a name, the inquirer must know the proper spelling. For example, a person seeking for—Pirsson, will not find the one sought for if he looks in the names of Pierson; so, also, for—Bonnel, he should not look among the Bunnels,; and for Conger, not in Congar; and for Parcels, not look in Parsals or Parceils; nor for Hays in Hayes.
